

**OMEL DIVERSIFICACION HOLDS THE TENTH AUCTION FOR THE PURCHASE OF NATURAL GAS FOR THE OPERATION CORRESPONDING TO THE PERIOD FALLING BETWEEN 1 JULY AND 30 SEPTEMBER 2015.**

OMEL Diversificación held the tenth auction for the purchase of natural of operating gas.

The total amount of gas auctioned (100%) was allocated in 20 blocks, each one corresponding to the 5% of the total to be supplied for the period running from 1 July to 30 September 2015. The price of the auctioned gas was set at 21.60 €/MWh, being awarded to:

AXPO IBERIA, S.L. UNIPERSONAL
ENERGYA VM GESTION DE ENERGIA, S.L.U.
GALP GAS NATURAL S.A.
GAS NATURAL COMERCIALIZADORA, S.A.
GUNVOR INTERNATIONAL B.V.
IBERDROLA GENERACIÓN ESPAÑA, S.A.U.

The auction was held by electronic means using OMIE's auction software system. A "descending clock auction" procedure was used, whereby starting with a given opening price, this was progressively knocked down in successive rounds of bidding until a balance was struck between supply and demand.
